

IMPORTANT NOTICES: Structured Products can be complex vehicles with a range of moving parts. They are designed to be invested for the duration of the term and, relative to their terms, may not be able to be sold, without substantial penalties. All of your capital may be at risk. Whilst we review investments against our criteria for acceptance into The Forthplus SIPP, any investment chosen is done so entirely at your own risk and should be done in consultation with your financial adviser. You must ensure that you have **read and understood** the prospectus and/or offering document in advance of instructing us to invest into a Structured Product, which is specific to the product you are investing in. Forthplus Pensions Limited do not accept any liability for the performance, accessibility, suitability, or otherwise of any investment choices, including, but not limited to, any losses, damages or costs (including but not limited to legal fees) resulting from us purchasing, on your behalf, the product listed below.
